

TWO GAMBLERS INDICTED ON WILLIAMS' STORY

POLICE APPLY TORCH TO EVEN UP FOR ATTACK

Sinn Fein Raid on Barracks Is Quickly Followed by Burning of Town.

TAKE EXTRA PRECAUTIONS

Discovery of Bomb Plot Causes British Double Prison Guards.

Dublin—Rioting was renewed today in Lisburn, six miles from Belfast. Several houses and a ship were wrecked. The police closed down a mob.

A patrol of police was ambushed at Drumoleague near Skibbereen and a sergeant seriously wounded. Reprisals are feared.

London—Lord Mayor MacSwiney, of Cork, was reported in an unchanged condition today at the beginning of his forty-seventh day as a hunger striker.

The condition of the eleven hunger strikers in Cork, now in their 51st day of hunger striking, aroused the keenest interest of the medical profession. The government has installed a medical staff under direction of Dr. Pearson who was instructed to provide emergency equipment. Heroic measures will be taken to save the strikers' lives should they decide to give up their fast.

Dublin—The once fashionable town of Mallow was dotted with charred ruins today—mementos of prompt reprisals by police for noontime raids on their barracks in which one officer was killed.

Two more violent deaths were reported from Belfast where police resorted to firing from a street crowd. Two thousand troops were enroute to Belfast today. The city now is in a turmoil with many factories closed and the idlers thus created adding to the troubles of police.

The raid on police barracks in Mallow was regarded as one of the most successful coups. Waiting until the barracks was lightly held, about noon, 100 or more Irish republicans descended upon the place. One police man was killed and the few remaining were forced to stand by while the Sinn Feiners carried away big stores of munitions and supplies.

No attempt was made to hunt down the raiders in the afternoon but in the evening fires broke out simultaneously in mills, the town hall, creamery and several houses.

1,200 Appleton People Go To Milwaukee Every Month, Rotarians Hear

HARDING DRAWS LESSON FROM ONE MAN RULE ABROAD

Republican Avers Germany's Power Was Ruined by One Man Government.

WILL CONFIDE IN PEOPLE

Candidate Pledges Co-operation With Congress and American People.

(By Raymond Clapper) By United Press Leased Wire
Enroute with Senator Harding, Parkersburg, W. Va.—Retorting sharply to criticism of his "America first" slogan by Governor Cox, Warren G. Harding declared today that Germany, under a policy of Deutschland uber Alles, rose from insignificance to world power in forty years, but was ruined by the arrogance of one man.

"I want to take a lesson from Germany," Harding said. "Let us never have a one-man dictatorship."

Harding, speaking here today, attacked the administration for unpreparedness and said: "We did not seem to realize that we were being kept out of war for campaign purposes in 1916."

Crowds turned out along the route from Wheeling to Ashland, Ky., to greet the Harding special. Mountaineers, mill workers, farmers and high school children massed around the rear of Senator Harding's private car at each stop.

Ashland, Ky.—The ship of state must sail with a skilled crew as well as a captain and its sailing orders must originate in the United States, Warren G. Harding declared in a speech here today.

Harding spoke to audiences that packed two of Wheeling's largest halls last night. His reception in West Virginia outstripped anything thus far in the campaign, according to members of the party.

"When I am elected, there is going to be that regard and respect for congress which the constitution contemplates, and congress must respect the rights and obligations of the executive," Harding said in his speech here.

W. B. Basing Presents Array of Interesting Facts Concerning Appleton's Railroad Connections at Meeting Tuesday Noon.

Seven thousand, five hundred people a month travel out of Appleton. The largest number go to Milwaukee, and the next highest number to Oshkosh. Appleton is also an important freight center, receiving nearly 9,000 cars a year and sending out about 3,500 with manufactured products or farm produce.

These interesting facts about Appleton and a surprising volume of information about the Chicago and Northwestern railway were brought out in an address by W. B. Basing at Rotary club meeting Tuesday noon at the Y. M. C. A.

Mr. Basing traced the development of the road from the time it extended from Chicago to Oshkosh in 1859, then to Fort Howard, now Green Bay, with 242 miles of track, to the present, when it has 8,405 miles of track, 2,025 locomotives and nearly 75,000 cars.

The distribution and uses of locomotives and cars was explained, including mention of the fact that eight per cent of the cars are in bad order and 16 per cent of the engines are awaiting repairs.

He stated that the company has ordered 20 new passenger engines and 20 new freight engines.

The immense departments that administer the railroad business, the number of employees and their duties were also explained in detail, including the law, operating, traffic, accounting, treasury, engineering, land and tax, surgical and claim departments.

174,000 Loss Claims
The freight claim department was mentioned by Mr. Basing as the most expensive. It paid out \$3,537,000 for loss and damage claims in the year 1919, of which \$294,041 is chargeable to his company.

A total of 174,000 loss and damage claims were presented. He stated that if shippers were not so inclined to inflate the value of property lost and were careful to make claims out properly, they could be adjusted in as short a time as 15 days.

The company has several men on the road trying to cut down this expense. The personal injury claim department also revealed some interesting facts. The road paid out \$1,058,000 for personal injury claims in 1919. The head of this department, F. L. Richards, stated the safety first movement, which has a staff of 1,300 men.

The employees were taught that they were the ones who were being killed and injured, and showed how they suffered by it. The number of employees killed was reduced 372 in nine and a half years' number of injured was reduced 372; passengers killed, eight less; passengers injured, 1,844 less. Another important factor is the automatic block system which can stop trains before they get into danger and prevents head-on and rear-end collisions.

LEGION WANTS U. S. TO KEEP OUT ALL JAPS

War Veterans Demand Congress Cancel Immigration Agreement With Japan.

WANT NEW CABINET POST

Care of Soldiers Is Considered at Convention of American Legion.

(By United Press Leased Wire) Cleveland, Ohio.—The American legion convention today adopted a resolution favoring excluding Japanese emigrants and "picture brides" from the United States and cancellation of the gentlemen's agreement with Japan in respect to immigration.

The measure as introduced charged that the "gentlemen's agreement" was being constantly violated and that increasing numbers of Japanese are crossing the border into the country.

An uproar followed introduction of the measure. It was sponsored by the California and other western delegations and the Hawaiian delegation.

New York delegates attempted to have the matter put over for another year and they were howled down. Colonel Milton J. Foreman, Illinois, sprang to his feet with a motion that "the United States immediately prepare to meet the Japanese menace."

His motion was lost in the uproar and was not acted upon. The spokesman for the South Carolina delegation made a dramatic speech in favor of the measure, declaring that the south fully appreciated the race problem confronting the Pacific coast.

A tremendous cheer greeted the termination of his speech and the vote to adopt the resolution rolled up on the stage in an ear-splitting roar.

New Cabinet Post
Creation of a new post in the cabinet of the president of the United States to deal with the various soldiers aid agencies was urged by the convention.

The convention also voted to ask congress to consider immediately legislation for the benefit of the sick and disabled ex-service men.

A flurry preceded the adoption of the measure when a delegate from Texas demanded a resolution of censure for the United States public health service.

"Thousands of soldiers died for lack of proper care and many more will die of injuries unless radical steps are taken to extend better care by the health service," he cried. His motion was lost.

HARDING CAR JUMPS TRACK; NO INJURIES

Train Is Going Forty Miles an Hour When Last Car Leaves Rails.

CANDIDATE'S CAR SMASHED

Speeding Car Bumps Over Ties on High Trestle Before Train Stops.

(By Raymond Clapper) By United Press Leased Wire
Millwood, W. Va.—Senator Harding and entire party had a narrow escape today when his private car jumped the track near Millwood, W. Va., and bumped over the ties across a high narrow trestle before the train could be stopped.

No one was injured. The front truck of the Harding car was smashed. The party was transferred to other cars and the train went on, leaving the private car standing on the track.

The train was traveling 40 miles an hour when the front truck of Harding's car broke apparently as it was crossing a switch. Railroad employees said the switch was not open. The rear truck of the "Ideal" jumped the roadbed. The car was dragged along the high trestle over a creek before it stopped.

Senator Harding was in his drawing room at the time of the accident and Mrs. Harding was in her private compartment. Both came out and calmly walked around looking at the derailed car.

All that saved the Harding car from falling off of the trestle into the deep creek 20 feet below, was the timber trestle rail along the ends of the "cross ties."

All of the other cars on the train stayed on the track.

CHARGES HARDING HAS NO NEW PLAN

Cox Avers America Will Not Tolerate Return to Pre-War Conditions.

(By Herbert W. Walker.) By United Press Leased Wire
Enroute with Governor Cox, St. Louis, Mo.—Senator Harding has presented no substitute for a league of nations because "his only alternative is a return to the international normal conditions of 1914, with autocratic monarchies, sudden ultimatums, secret diplomacy and burdensome armaments," Governor Cox said here today in his first speech in Missouri.

Again attacking Harding's statement that "he had nothing constructive in character" to offer regarding a new association of nations, Cox declared that the republican candidate would not dare suggest to mothers of America a return to pre-war international relations.

GRAND JURY CONTINUES ITS ATTACK ON BASEBALL GAMBLERS

Start Investigation of Rumor That 1920 World Series Is Fixed.

QUESTION BROOKLYN TEAM

Owner Ebbets Says He Will Suspend Players Suspected of Gambling.

(By United Press Leased Wire) New York—Threats to tell some things about the "inside story" of the last world's series that will crack open the baseball world, were made here today by Abe Attell, former featherweight champion and mentioned as one of the "fixers" of the last series.

Attell claimed he is being "made the goat" of Arnold Rothstein, wealthy New York gambler who has maintained that he refused to go in on the deal with the gamblers who told him enough White Sox players could be "fixed" to throw the series to the Cincinnati Reds.

Rothstein is white-washing himself at my expense," he said. "They are all against me but I can fight back. If they want me to talk I'll talk and I'll tell a story that will crack open the baseball world. I'll tell 'em about the Astor deal."

"That story that I offered \$190,000 to the White Sox is a lie," Rothstein could not be reached.

New York—District Attorney Harry E. Lewis announced today he will start an immediate investigation into reports that a gambling clique plans to attempt to bribe players on the Brooklyn team of the National league to lose the world's series.

Lewis said that following rumors published in a New York paper of such an attempt, he wired District Attorney Hoyne in Chicago and also got in touch with officials of the Brooklyn club. The latter assured him that the entire team would appear at his office Friday morning.

When informed by the United Press that Hoyne is in New York, Lewis said he would communicate with Hoyne immediately.

"The New York Evening Sun of September 28, 1920, states: 'Information which has been gathered by officials tended to indicate that the same clique of gamblers which is alleged to have fixed the 1919 series, have made plans to have Brooklyn throw the coming series to the Cleveland Indians.'

HOW THE WHITE SOX LOST WORLD SERIES

Chicago—Eddie Cicotte, star pitcher of the Chicago White Sox, and Joe Jackson, left fielder, in their confessions before the grand jury Tuesday afternoon, bared their parts in "throwing" the 1919 world's series to Cincinnati.

"In the first game at Cincinnati I was knocked out of the box," Cicotte told the jury, according to a court official. "I wasn't putting a thing on the ball. You could have read the trademark on it when I lobbed the ball up to the plate."

"In the fourth game, played at Chicago, which I also lost, I deliberately intercepted a throw from the outfield to the plate which might have cut off a run. Another time in the same game I purposely made a wild throw. All the runs scored against me were due to my own deliberate errors. I did not try to win."

Jackson said that throughout the series he had either struck out or had hit easy balls when hits would have meant runs.

KIMBERLY BANK TO OPEN MONDAY

Kimberly State Bank Is to Start Business in New Bank Building.

Kimberly will have a new bank in operation Monday, October 4, in a modern banking office. The Kimberly State bank, which was organized several months ago is to start business on that day.

The bank will conduct its regular business up to 3:30 o'clock and will then open its doors to the public so that the new building can be inspected. It will hold open house until nine o'clock in the evening. The regular banking hours will be from nine to 12 o'clock and one to 3:30 o'clock for the time being.

The bank is capitalized at \$25,000 and has a surplus of \$5,000. It fills a long felt want in the growing village of Kimberly. The structure it occupies is a one story brick building 26 1/2 feet in size, built especially for a banking office, at the corner of Main street and Kimberly avenue. Its interior is modern in every respect, with spacious office and banking quarters.

J. C. Clark, who has been associated with the First National bank, Appleton for several months, is to be cashier of the new institution. He was formerly assistant cashier of the State bank of Pewaukee. R. S. Powell, Appleton, its president, and J. C. Kimberly, Neenah, vice-president. The remaining directors are Martin Wyden, W. H. Fleweger, Henry Jansen, Dr. C. G. Maes and Fred Kroenke, all of Kimberly.

Another White Sox Pitcher Bares Story of Fixed Game to Probers.

RECEIVED \$5,000 ON DEAL

Judge Says He Has Enough Evidence to Convict Entire Gambling Ring.

Chicago—The first indictments against gamblers alleged to have been connected with the conspiracy to throw the 1919 world series to Cincinnati, were returned by the Cook county grand jury today.

"Sport" Sullivan, of Boston, and a man by the name of Brown, named as the fixers by Claude Williams, the third of the indicted players to confess, were charged with a conspiracy to do an illegal act.

The indictments were voted immediately after Williams had told his story to the grand jury.

Chicago—The third confession by White Sox players indicted for alleged throwing of the 1919 world series to Cincinnati, was announced by authorities today.

"Lefty" Williams, pitcher, told of his part in the alleged conspiracy, Assistant State's Attorney Herley Replogle, in charge of the investigation, announced.

Williams was named by "Sholess" Joe Jackson as the man who gave him his \$5,000.

Williams named all of the gamblers who were involved in the deal, Replogle announced.

Shortly after noon, Williams was taken into Judge McDonald's office and it was expected he would go before the grand jury.

U. S. CONSIDERS IMPROVING RIVER

Public Hearing to Be Held Here October 7 to Get Appleton Views.

The primary hearings on improvement to be made on the Fox river by the United States war department will be held in Appleton October 7, and in Green Bay October 8, according to information received Wednesday morning from W. V. Judson, Milwaukee, secretary of the engineering corps.

The river and harbor act approved June 1, 1916, provides for a preliminary examination of Green Bay harbor and Fox river from Oshkosh to Green Bay.

The hearing in Green Bay will be particularly in reference to the harbor. All persons interested in the improvement of the river are invited to attend the hearing here. Statements concerning the river and harbor improvements should be presented in writing, but oral statements will be accepted. The hearing here will be held in the city hall at 10 o'clock Thursday morning, October 7.

LAWRENCE STUDENTS VOTE ON HONOR SYSTEM

The "honor system" was explained by "Master" Hartlett, president of the All College Club, at the regular chapel service at Lawrence Memorial chapel, Wednesday morning. The rules and regulations of the system were read and ballots distributed upon which the students voted whether or not they approved of the continuation of the system. Forrest Hoffington lead the morning devotions.

BOY FRACTURES SKULL IN FOOTBALL PRACTICE

George Hoeffel, 13 year old son of Mr. and Mrs. P. J. Hoeffel, 901 Sixth street, who fractured his skull while playing football at the high school grounds Friday, is resting easy at St. Elizabeth hospital Wednesday morning.

Although the accident occurred Friday, the extent of the injury was not learned until Sunday. He was then taken to the hospital and the operation was performed Monday. The fracture was discovered to be about four inches long.

James McRoy is visiting with friends in Milwaukee.

W. S. Baker is in Clatsville on business.

IRISH LEADER HAS THRILLING STORY

Speaker Coming Thursday Will Tell Experiences as Irish Official.

The trials which leaders of the movement for Irish autonomy must endure in the prosecution of their cause will be told by the Hon. Lawrence Ginnell, Irish statesman at Lawrence Memorial chapel Thursday evening. He will relate many of his own thrilling experiences at the hands of English officials stationed in his country.

The speaker is brought here by the American Commission on Irish Independence. Local arrangements are in charge of the Robert Emmet branch of the Friends of Irish Freedom. He will make his plea for the aid of the American public in freeing his country from British rule.

The Hon. Mr. Ginnell is 57 years of age, but appears much older because of successive prison sentences totaling about 15 months. He is a "wild" trail as a result of his adventures, and has a younger man accompanying him. The man is one of the Irish citizens elected to the provisional parliament set up by Ireland in 1916. He was arrested on two occasions when he was about to make public speeches, and states that the English officials incarcerated him without trial, keeping him locked up for five months or more, and then freeing him without having had a specific charge against him. He was seized once while on an Irish public library reading a book on government, which happened to be penned by a German writer.

No admission is to be charged for the lecture, which starts at eight o'clock.

Town Talk

New Orchestra

Frank Kruse and Laurence Koss are members of the Valley Country Club orchestra, a new musical organization just formed at Neenah. The other members are Adolph Henning, Herbert Laske, Wilbur Klinka and Tony Jensen of Neenah. They intend to play for dances and social functions throughout the valley during the fall and winter. Mr. Henning has charge of the Neenah end and Mr. Kruse of the Appleton end. They have been engaged to complete the season at Waverly beach.

Jewelry Meet

The quarterly meeting of the Fox River Valley Jewelers club is to be held at Fond du Lac October 6. The business session starts at three o'clock and will be followed by a dinner at 6:30 o'clock. Special matters pertaining to the trade are to be taken up in the evening. Several Appleton jewelers plan to attend.

Train Load of Coal

A heavy train made up exclusively of soft coal passed through Appleton Monday on its way north. The coal belonged to the Northwestern Railway company and was being shipped to the Lake Shore and Peninsula divisions of the road.

Dedicate Church

Trinity English Lutheran church of New London will be dedicated at three o'clock Sunday afternoon. The Rev. W. D. Farritt is the pastor. A number of the members of the local Trinity congregation here are planning to attend the services.

Morgan Johnson of Tigerton, visited here Monday.

Mr. and Mrs. Edward Glantz have returned to Racine after spending several days with Appleton relatives.

Miss Lollita Peterson has returned home from a several days' visit at Milwaukee.

Mr. and Mrs. Joseph T. Brandstetter and family and Mr. and Mrs. Myron De Long and family autoed to Fond du Lac Sunday.

William H. Clifford, bookkeeper at the office of the Appleton water works, has accepted a similar position in the main office of the Kimberly-Clark company at Neenah. He is succeeded by Miss Alma Zentel.

GRAND JURY HOT ON TRAIL OF GAMBLERS

(Continued from Page 1)

cent years was piled by the wayside as the result of the wreck caused by the indictments.

Charles A. Comiskey, owner of the Sox, has built many pennant winning machines in his twenty-five years in baseball.

YANK OWNERS OFFER TO LOAN THEIR MEN

Chicago—Charles A. Comiskey, owner of the White Sox, today said he did not see how he can accept the proposition made by owners Ruppert and Hoesen, in which they offered to lend Comiskey their entire team, if needed to finish the season in place of the battered Sox organization.

The guests will then be escorted to the clubhouse and one of the "I appreciate from the bottom of my heart," Comiskey said.

"However, I cannot accept it. The league rules forbid any such action at this stage of the game."

"Kid" Gleason, manager of the Sox, was enthusiastic about the team he will still be able to put into the field. He did not see any need of accepting the offer.

baseball but always pointed to the present aggregation as the nearest perfection. The club has been virtually intact since winning the world's championship in 1918. Comiskey has insisted the team should have won the 1919 series claiming "it was the best ball club," and had every expectation of repeating victory this year.

"Kid" Gleason, manager, today began taking the few good parts from the battered contraption to present a front for the remaining games. He stoutly insisted the Sox were still in the running for the American league pennant and capable of a fight for the world's championship.

Still Have a Chance

Gleason's pitching staff will be Faber, Kerr, Hodges and Wilkinson with Schalk receiving. He intends shifting J. Collins to third, playing McClelland at short, E. Collins at second and Jourdan at first. His outfield would be Strunk, Murphy, Leibold with Fair and Lynn as the only utility men.

They open a three game series in St. Louis tomorrow with Cleveland one game ahead in the pennant chase.

Plans for the world series will not be changed, according to Ban Johnson and John Herdler, constituting the

GRAND JURY HOT ON TRAIL OF GAMBLERS

Grand jury today was busy with the indictments against the gamblers who had been indicted when the indictments were returned.

The penalty under the conspiracy act on which the indictments against the eight White Sox players were voted, provides a fine up to \$5,000 and imprisonment up to two years.

One question which was still undecided today was whether or not the White Sox players were "on the square" during hot contents this season. When they lost a string of games during the latter part of the season, and practically threw away their chances for the pennant this year, ugly rumors started.

Gamblers and bookmakers were known to have wagered huge sums of money that the Cleveland Indians would win this year's pennant in the American League.

Ban Johnson, president of the league, admitted he had heard rumors that the White Sox did not dare win the pennant this year. The gamblers who had bet on Cleveland, had the White Sox in their power through the crooked dealing a year ago, according to these rumors, and blackmailed them into losing.

The gamblers are alleged to have threatened the White Sox players that if they did not lose, they would expose the crookedness of the 1919 series.

Cicotte, the Sox star pitcher, failed miserably when called on to perform in pinches this season when the race was tight. Manager Gleason even forced Cicotte to do several hours extra practice a day and then put him on the bench for a period.

Rumors of the scandal caused constant wrangling among the Sox during the year and the wonder was that they were able to keep in the pennant race, even if they were playing on the square.

Just before the recent "crucial" series with the New York Yankees, one of the White Sox players who was on the square, was interviewed by a United Press staff correspondent.

"Who are you going to pitch tomorrow," the correspondent asked.

"Cicotte," was the answer, "and if he doesn't win, we will mob him on the field."

Cicotte pitched and won the game.

Further details of the confessions made by Cicotte and Jackson became known today.

Jackson said he decided to tell his story when he received a letter threatening to "bump him off" unless he confessed.

"I heard that Cicotte had confessed,"

GRAND JURY HOT ON TRAIL OF GAMBLERS

Jackson said, "and decided these birds couldn't put anything over on me. I wanted to be in on the ground floor when the squawking came."

"Senseless Joe" said he lost his nerve the first time he called up Judge McDonald.

"I just told him I was on the square," Jackson said.

"He said 'you are not' and hung up the receiver."

"Then I went over to his room and started to tell him my story, as I figured they had the goods on me."

"I told him I got \$5,000 of the \$20,000 promised me. It was handed me by Lefty Williams in a dirty envelope. Judge McDonald said he didn't care what I got. He said that if I had got what he thought I ought to have for crabbing the game of kids, I wouldn't be telling him my story."

Jackson said he "climbed" Rineberg and McMullin about the \$15,000 which he claimed was still coming to him.

"They told me 'you poor sinner, go ahead squawk. We will say you are a liar and then where do you get off, you are out of luck.'"

"Some of the boys were promised a lot more than you and got a lot less."

Tried to Lose Another

Jackson said the third game of the series which the White Sox won, was not on the square. He said the alleged crooked players did everything they could to lose it, but Dicky Kerr, the pitcher, won it in spite of their efforts to throw the game.

Jackson said he wasn't going to get far from his protectors until the affair was cleaned up.

"One of the players indicted threatened to kill me if I squawked," he said.

"That's why I had all the balliffs with me when I went to the grand jury room."

Jackson was among the big league baseball players who was censured for running to the shipyards during the war.

Federal investigation was expected to be started today to determine whether or not the players who received bribe money, included it in their income tax returns.

The "square" players of the White Sox held a celebration at the apartment of Eddie Collins, second baseman, last night.

The party included Eddie and John Collins, Ray Schalk, Mike Murphy, Nemo Liebald, Red Faber and Little Dicky Kerr.

FORM GYMNASIUM CLASSES FOR 'Y'

Complete Schedule Is Announced by R. H. Starkey, Physical Director.

The complete schedule of gymnastic classes for this year is announced by R. H. Starkey, physical director of the Y. M. C. A. It includes a sufficient number of classes to take care of a large number of men and boys, and gives training at hours which are usually leisure periods for business and professional men.

a noon class Mondays, Wednesdays and Saturdays from 12:15 to 1:15 o'clock. These are scheduled in such a way as to induce busy men to take physical exercise.

Young men's classes are held Monday, Wednesday and Friday from 6:30 to 7:30 o'clock, and from 8:15 to 9:30 o'clock on Mondays and Thursdays. Members have the choice of either schedule. Grade school boys have classes Wednesdays from four to five o'clock, and Saturdays 9:30 to 10:30 o'clock.

Intermediate boys are in session on Tuesdays and Fridays from 3:50 to 4:50 o'clock. Other classes are: High school boys, Monday and Thursday, 4:00 to 5:00 o'clock; junior business boys, Tuesdays and Thursdays, 6:15 to 7:15 o'clock; senior business boys, Tuesdays and Fridays, 7:15 to 8:15 o'clock; vocational school, Monday to Friday, 11 to 12 o'clock.

HARDING KEEPS GOOD LEAD IN WISCONSIN

Women do not appear to be voting according to the dictates of husbands, according to latest state returns from the Rexall straw vote on the presidential election received at the Downer drug store. The men maintain a lead of about two to one for Harding, but the women give him a much smaller plurality.

Figures to September 25 give Harding 4,230 votes and Cox 1,960 in Wisconsin. The men cast 2,197 votes for Harding and 1,114 for Cox. The women's vote is 932 for Harding and 610 for Cox.

BAKERS URGED TO KEEP CONFIDENCE OF BUYING PUBLIC

War Time Restrictions Were Blessing in Disguise, State Bakers Hear.

URGENT SUPPORT FOR SCHOOL

President Poehlmann of Bakers Delivers His Annual Address Here.

In his annual address before the Wisconsin Association of Master Bakers, Monday, Joseph Poehlmann of Milwaukee, president, said in part:

"Our industry, since the close of the war, is forging ahead by leaps and bounds and is fast becoming one of the most important industries of our country. The war time restrictions of our government, as unpopular as they may seem, have proved a blessing in disguise, inasmuch as they compelled the housewives, who were our largest competitors, to resort to baker's bread and thereby learn to know the high quality and economic saving in buying this bread.

TRY NEW KIND OF ROAD SHOULDER IN COUNTY

The new oil penetration shoulders that are being placed on the Snyderville road, used extensively in the vicinity of Detroit, Mich., and which are being tried out in Outagamie county for the first time, are nearing completion. Tar, crushed stone and screenings of granite rock enter into the composition which is said to work very satisfactorily wherever used. A. C. Bruswitz, county highway commissioner, says there is every indication that it will be a success in this county as well as in other parts of the country.

LAWRENCE CALLS FROM FOUR WINDS

Students From Far Away China and Australia Are Enrolled Here.

Three Chinese men have been added to list of foreign students registered at Lawrence College. Tien shang Yang and Yin Fu Yang will pursue a course in economics and Mr. Tui will enter the course in Education. These three young men were among eighty students sent from Tsing Hua College to further their education in the United States. They were admitted to the Chinese College by competitive examination, and were chosen to go to the states after competitive examination. Tsing Hua College was established by China for students who expect to continue their education in America. The Chinese students who attended Lawrence last year were also graduates of Tsing Hua College.

SEMI-PRO FOOTBALL TEAM IS PLANNED HERE

Efforts are being made to organize a semi-professional football team in Appleton, according to several devotees of the sport who are lining up a tentative organization. It is proposed to form a team with men of the former "Jolly Eleven" playing the principal positions.

Professional football is gaining in popularity yearly and it is entirely probable that a strong team will represent Appleton on the gridiron.

Drives on Sidewalk

A driver whose name was not ascertained lost control of his automobile while driving on Oneida street Tuesday morning and ran his machine onto the sidewalk in front of the Western Union office. A bicycle rack prevented his crashing into the plate glass window before the machine could be stopped. One of the messenger's bicycles was ruined.

NOTICE

John Street Draw Bridge is closed to travel until further notice. Detour to Lake Street Bridge for lower 4th Ward.

O. F. Weissgerber, City Engineer

MILL MEN TO USE 'Y' PRIVILEGES

Athletic Association to Be Permanent Feature—Organize Leagues.

The Y. M. C. A. will extend the use of its gymnasium and bowling alleys to the employees of the Appleton factories again this year, according to announcement of R. H. Starkey, physical director. Indoor baseball, basketball and bowling teams are already being organized.

organized and holding regular training sessions. More are still joining, however, and it will be the aim of the physical department to include not less than 500 members. Each is required to submit to a physical examination before he enters a class, at the expense of the association.

Business, professional and industrial men are to have the choice of three class periods, for three days a week. Classes are conducted on alternate days at 5:15 to 6:15 o'clock. There is

There is also a schedule of special activities. Wrestling classes will be conducted Tuesdays and Thursdays from 8:15 to 9:30 o'clock. Leaders' training classes will be held Thursday from 7:15 to 8:15 o'clock; special exercise periods, 5:00 to 5:15 o'clock daily. March games, contests and industrial league events are to be played Tuesdays, Wednesdays and Fridays from 8:15 to 9:30 o'clock; and Saturday afternoons, two to five o'clock. The special exercise room is open from 9:30 in the morning to 9:50 o'clock in the evening.

The Y. M. C. A. Inter-Factory Athletic association, which conducted the tournaments in the past, is to be made a permanent organization. It was organized a year ago by Mr. Starkey through a meeting of representatives of various mills. Men of 21 mills to the number of 190 enjoyed the indoor privileges last year.

The inter-factory association is governed by a board of control which is now asking entries for the various leagues, which it expects to put into operation within two or three weeks. It is the plan of the Y. M. C. A. to increase the membership to include at least 30 Appleton factories this year.

"But to secure all this, you must get in touch with your fellow craftsmen, meet men with large experience and broad visions, men who have attained success in their line, exchange views and ideas, and then go home and make practical use of them. And when is the best opportunity to meet such men? Only at conventions. I urge every baker to attend as many conventions as possible and thereby gain such knowledge as will benefit him in his own profession."

"One important item that I wish to call your attention to is the Dunwoody Institute at Minneapolis. On Aug. 14 to 18 the convention of the Retail Bakers association of America was held at Minneapolis, and as we are still a member of this association, I deemed it my duty to attend same."

"Up to recent date their instructions were mostly along the lines of fermentation, flour testing and the science of bread making. While the larger bakers readily recognized the importance of this institute and most liberally pledged themselves to its support, the smaller or retail bakers felt rather different towards it."

"Now, the board of directors of this

Uncle Sam 20-30 FARM TRACTOR

Built for better and more profitable farming. All parts easily accessible and interchangeable. It is strong, durable and easy to handle and has sufficient power for any kind of farm work.

TO EVERY READER

There is no pure herb medicine in the world today that can equal the power and give such grand results in regulating the bowels, stimulating the liver, flushing and cleansing the kidneys, sweetening the stomach or purifying and enriching the blood—than **BULGARIAN BLOOD Tea**.

Those who suffer with stomach, liver, kidney, rheumatism or blood troubles will find Bulgarian Blood Tea the best medicine to relieve and correct these ailments. It is wonderful how quick you will begin to pick up and be your old-time self again.

During the 1915-1920 influenza epidemic Bulgarian Blood Tea was used by countless thousands of sufferers with marvelous success and millions of people took it steaming hot to prevent and ward off the disease.

As a general first aid family medicine it has no equal and every person should have a box constantly on hand for any emergency—to kill colds, allay fevers and guard against influenza, pneumonia or other serious sickness. And all mothers and fathers of families should apply at once to their druggists or grocer for a trial box of Bulgarian Blood Tea. adv.

NEWS OF INTEREST FROM COUNTY AND STATE

71 UNITS IN NEW NATIONAL GUARD

Several Other Units Are Nearing Completion and Will Be Mustered In.

Madison, Wis.—The muster in of the Wisconsin National Guard units now in the Wisconsin National Guard is as follows:

Thirty-two companies of infantry, 11 companies of cavalry, 2 batteries of artillery, 2 machine gun companies, 3 regimental companies, 2 bands, 1 tank company, 2 sanitary detachments, 2 companies supply train, 3 companies ammunition train. Several other organizations are nearly ready for muster. Green Bay has a full quota for the first battery of heavy artillery while Gilbert and Wabeno, the two weakest will have one shortly.

Have reports it can furnish in two as soon as the armory problem is solved. The ammunition train company at Oshkosh lacks only three men.

PAYS FINE OF \$1,000 TO ESCAPE FROM JAIL

Milwaukee—Herbert Paringer, who was sentenced to a year in the house of correction Saturday for receiving a stolen automobile, obtained his release Monday when Judge Backus gave him the alternative of paying a \$1,000 fine. Paringer was given because of Paringer's family and previous good record.

Paringer lacks only one for an infantry company. Shawano is nearly ready with an infantry company while Gilbert and Wabeno, the two smallest places in the state with a National Guard unit, are nearly ready to separate and each has an infantry company of 100 men.

Rhineland is working on the Engineer Train in addition to the infantry company there, while Sheboygan and Waupun are missing two of the remaining troops of cavalry for the complete squadron cavalry regiment being completed excepting the head quarters and supply troops. Merrill and Stevens Point are to have batteries of light artillery.

Danmark has been making experiments with seaweed as food for cattle.

CLUB WOMEN OPEN STATE MEETING

Superior Women Provide Entertainment for Convention Delegates.

Superior—Practically all of the delegates to the convention of the State Federation of Women's Clubs arrived in the city for the evening session of the convention at the Hammond Avenue Presbyterian church Tuesday afternoon. The night session was held at the Superior normal.

Delegates were met at the train and escorted to homes and hotels with automobiles. The program for Tuesday afternoon's session was as follows: Invocation by the Rev. Dr. A. H. Heide; greeting, Mrs. D. E. Roberts, Superior, address of President Mrs. H. S. Richards, Madison; reports of officers, recording secretary, Mrs. M. C. Butler, Milwaukee; corresponding secretary, Mrs. C. F. Petersen, Mellen; treasurer, Miss North Hanson, Green Bay; auditor, Mrs. E. L. Maloney, Fond du Lac; general federation secretary, Mrs. L. D. Harvey, Menomonie; general federation directors, Mrs. F. T. Dieck, Green Bay; report of credentials committee, Mrs. G. R. Wightman, Superior; report of nominating committee, report of revision committee.

The program for the session Tuesday night at the Normal school includes addresses of welcome by H. C. Almy and Prof. A. D. S. Gillette, and an address by Mrs. G. F. Plummer, Chicago community service, and a reception by ladies of the Normal school faculty.

CUT RATE DENTIST IS FORCED OUT OF BUSINESS

Manitowish, Wis.—Dr. O. C. Thiedeman, who has practiced dentistry here for two years, must close his office by order of the state board which revoked his license. The action of the board prevents the doctor from practicing within the limits of the state.

In explanation of the board's action, Dr. Thiedeman stated that his difference with the board dates back to 1917 when, while practicing in another city, he used certain laboratory equipment against the will of the authorities. Thiedeman came to Manitowish in 1918 and soon became known as the "advertising, cut-rate dentist." Low prices attracted a large business. Before practicing at Manitowish he was located at Racine and later at Kenosha.

Dr. Thiedeman will ask the dental board to reconsider action, he says.

Green Bay Lineman Is Frightened by Shock and Loses His Hold.

Green Bay—Ray Campbell, line foreman of the Wisconsin Public Service company, died Saturday night at St. Vincent hospital as the result of a 60 foot fall from the wire tower near the Carrell elevator when he came in contact with a power feed wire. The accident occurred at 6:25 o'clock Saturday evening. Campbell remained unconscious until his death at 10 o'clock Saturday night.

Campbell was sent to the wire tower near the Carrell elevator to remove some old insulators that were to be replaced by new ones early in the afternoon after the power from High Falls had been shut off for a short period. He had been working on the tower for several hours when the accident occurred.

When he started work on the tower he placed a ground wire to the line wire that carries the power to tap the power from the wire. While he was at work he touched the ground wire and jarred it loose. Later it became unfastened from the line wire and fell to the ground. As he was working on the line wire, Campbell received a shock as soon as the ground wire fell. Frightened by the shock, Campbell lost his footing and fell to the ground from the tower, a drop of 60 feet.

Campbell's winter underwear was now on display for men, women and children. See window showing tonight. Prices very reasonable. GREEN'S.

ARMY AIDS BACK TO FARM MOVEMENT

Camp Grant Is Teaching Soldiers How to Make the Soil Produce Crops.

(Special to Post-Crescent)

Camp Grant, Ill.—Secretary of War Baker, recently visited the Research and Development Service schools of the American army here at Camp Grant. Brig. Gen. George Bell, Jr., commanding officer at the camp, took Baker "round the place" and showed him soldiers at work in almost every branch of business there.

But where do you suppose Brig. Gen. Bell finally ended up the trip, and then spent as much time at this one branch as he had in all the others?

Right down on the farm! And it was a government farm, at that.

Back to the Farm.

The old "back-to-the-farm" cry is the slogan of one of the branches of the Research and Development Service of the United States army. Hundreds of enlisted soldiers have answered the call and taken up the agricultural course of the new "builders of men" training system Uncle Sam has adopted for peace time.

If you ever visit Camp Grant and want to find Brig. Gen. Bell, and he is not at headquarters or at his home, run down to the farm. That place is his hobby.

The army farm is at one end of Camp Grant and it covers 400 acres of rich land. Enlisted men are working this land and, when they step back into civil life, they will know all there is to know about raising crops and tending cattle.

Military Orders Off.

There is no indication of regular army life present on the farm with the exception of the khaki uniforms worn. Even there are absent in the dairy and plowing branches, where the soldiers

HOME SEWING TO BE LOST ART SOON, WOMAN CLUB HEARS

Duties and Tasks of Modern Housewife Explained at Club Meeting.

FAITH IN MODERN WOMAN

Stout Institute Teacher Urges Women to Systematize Their Home Work.

"Sewing will eventually become a lost art," said Miss Daisy Kugel, member of the Stout Institute faculty at a meeting of The Woman's Club at the Lawrence Conservatory, Tuesday evening.

"There are so many calls upon the time of the modern housewife which are more important than sewing, that it will soon be out of the realm of the home," continued Miss Kugel.

"In the future, I believe, cooked food bureaus will be established in all our cities, which will send cooked and prepared foods in insulated containers by trucks to the doors of the homes."

"The duties of the housewife are just one more responsibility which has been added to those of the 'new woman.' In ancient times, the only interest of the woman was in the home and the native environment. The duties were manifold but comparatively simple in contrast to the modern day when the main interest, also still in the home, has become much more complex. The grandmothers wouldn't recognize the homes of today. They would look like museums to them."

"The home of today are roomy and full of furnishings, decorations, tools, supplies and equipment of which grandmothers knew nothing. There are an endless variety of foods, which come to us from all over the world. The markets of the world furnish our clothing."

"There are greater demands than

ever before upon women. Social, political and civic problems have been added to those pertaining to the home. She has accepted them all, until it sometimes seems that the home would be submerged. It is true that some homes are drawn into the vortex, homes that are neglected and don't deserve the name of home. These may be those of the apartment hotel type, which serve as a gathering place or a sleeping place merely for the family, where all the duties of the home are performed by the employees of the hotel.

"Right here comes the problem of help in the home, which is a very vital one. If women are to carry on the work of the world, co-operating with the men in a political sense, they can't carry also all the manual tasks of the home."

"The modern home will see many changes. I have great faith in the women of today. They won't go backward, but will progress along with the social demands. We must move, either forward or backward; we can't stand still. A few weeks of the ultra-conservative type believe the old days were the best, but there are few such women."

"Today, men who are succeeding in business and industry must keep pace with the modern ideas, must be tolerant and accept such things as unionism. Most industries employ efficiency experts to get the greatest results with the least possible outlay of time, labor and expense. The home also is an industry which needs expert knowledge. At least 90 per cent of the women of the United States are home makers. It is the biggest job there is, from the standpoint of desirability, responsibility, and worth whiteness. In training for the task, study, thoughtfulness, and premeditation are necessary."

Miss Kugel declared that the old fashioned idea that every woman could keep house is entirely wrong.

"Knowledge is acquired, not transmitted," she said. "I believe in tackling the job by study. If it is worth devoting one's life to, it is worth devoting one's best to. There are a number of essentials for the house wife to follow. First the home must be put on a business basis, having an executive council, to be composed of the husband and wife, in partnership, if it is to be a huge success. The business plans should be talked over before marriage."

Ladies Keep Your Skin Clear, Sweet, Healthy With Cuticura Soap and Cuticura Talcum

Olive Thomas Plays Lead In Sad Drama In N. Y.

By United Press Licensed Wire

New York—Gray shadows filtering down from the high windows softened the hues of the great banks of flowers and dimmed the lustre of gowns of richly dressed women.

A silence pervaded the great church, broken only by the solemn voice of a priest intoning the Episcopal funeral ritual.

From the street came the muffled hum of traffic.

The entire setting gave the illusion of a silent drama.

This was the last "fade-out" of Olive Thomas.

The funeral of the noted motion picture actress, who died in Paris as the result of accidentally taking poison, drew thousands of persons from all walks of life to St. Thomas church on Fifth avenue. There were millionaires and paupers, stars and members of the chorus, friends, and the merely curious.

Hundreds of men and women, mostly the latter, stormed the church doors when officials turned them away after the edifice was filled.

The police lines were broken time and again. Order was not finally restored until long after the services were over and the body had been removed from the church.

The ceremony was simple. Dr. Ernest Stiers, the rector, conducted the services.

Jack Pickford, husband of Miss Thomas, sat with her mother, Mrs. H.

B. Van Kirk and Miss Thomas' brother, James Duffy.

Among the honorary pall bearers were Owen Moore, former husband of Mary Pickford, and Harrison Fisher, artist, one of the first to discover Miss Thomas' beauty.

The coffin rested in the center of the chancel under a blanket of pink orchids. Surrounding it were great banks of pink and white flowers. There was one floral piece from the Zeigfeld Palace life, and one from Miss Pickford, bearing a card inscribed "From Sister Mary."

As the floral pieces were carried through the street to the waiting vehicles after the services, many were torn to pieces by women and girls who sought souvenirs. The police tried to protect them but were powerless.

As a protection against the curious, the burial place of Miss Thomas was kept secret. It was learned, however, it would be in one of the New York cemeteries.

When the coffin was carried through the throngs to the hearse, several motion picture machines near the steps clicked in unison. Miss Thomas, the central figure of a film for the last time.

Over Broadway, a few blocks away, a huge electric sign grotesque in the glare of daylight, announced the featuring of Miss Thomas in a popular film play. Within the theater, the wraith of the famous actress smiled from the screen in the bewitching way that has endeared her to thousands.

spending and management. To be a good manager, the housewife needs a knowledge of food and its classification, she said. The material must be well utilized. In order to save time and labor, the equipment must be carefully chosen and well placed for convenience.

"I believe in the 'modern housewife,' that she can accomplish anything she attempts, and that she will make the home essentially for the building up of character," Miss Kugel concluded.

Preceding Miss Kugel's lecture, Miss Genevieve Carroll, chairman of the membership drive, reported a total of 1,143 members, and Mrs. S. C. Shannon, chairman of the financial drive, reported a total subscription of \$5,500. Miss Carrie Morgan, chairman of the meeting, gave a few words of appreciation to the captains and workers for their splendid efforts in the campaign for members and funds.

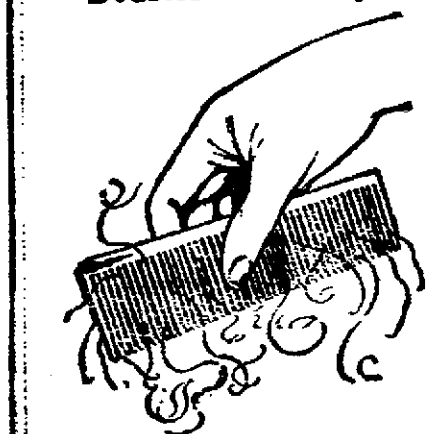

Mrs. W. T. Lane sang two charming solos for the club.

SPECIAL EXPRESS TRAIN INCREASING IN SIZE

The special express train which the Northwestern Railway company has been operating between Milwaukee and Green Bay for several weeks to relieve the passenger trains of long delays at depots, has grown to be one of the heaviest trains on the Northwestern Wisconsin division. The train drops off cars at the various cities between Milwaukee and Green Bay and when it first started it usually consisted of three coaches when it arrived here, two of which were sidetracked in Appleton. At present it has from six to eight coaches.

TO AID ARMISTICE DAY CELEBRATION

Rainbow Veterans Promise Support to American Legion Program.

A resolution to co-operate with the Oney Johnston post of the American Legion in an armistice day celebration was passed by the Appleton chapter of the Rainbow Division Veterans at its regular meeting Monday evening at the armory.

The Legion post is expected to formulate the program at its meeting next Monday evening. The veterans signified their willingness to march in a parade or serve in any way requested.

Dr. James A. Rolfe was named chairman of the committee which will decorate the armory for the armistice day dance planned by the chapter. One of the members, who is a cartoonist, drew a series of original drawings to advertise the event. A smoker and luncheon was arranged for the next meeting.

REST ROOM PROBLEM TO COME UP FRIDAY

The rest room problem is to come before the rural affairs committee of the chamber of commerce at its meeting Friday. Mayor J. A. Hawes, representatives of the Red Cross and others will be invited to the session, in order that their views may be obtained.

There has been considerable talk among the business men about establishing a place downtown where people from out of the city could make their headquarters while shopping, including checking facilities for parcels. This was adopted as one of the major activities for this year by the chamber, and some definite step toward establishment of such a place is expected of the committee meeting.

HOLD SOCIAL AT "Y" FOR BUSHEY STUDENTS

About 100 students of Bushey Business college will be guests of the Y. M. C. A. on Wednesday evening. The building and its privileges will be turned over to them and they will also be tendered an extensive social program.

The evening's program will open with musical selections by Miss Gertrude Midlake, accompanied by Miss Altha Hooker. Community singing will also be enjoyed. A comic moving picture, "Max Comes to the United States" will follow.

The guests will then be escorted to the gymnasium, where group games will be played and light refreshments will be served. Bowling alleys and billiard tables will be open to the guests. The young ladies as well as the gentlemen have been invited to attend.

The committee in charge of the social consists of Miss Anne Hawes, Miss Mary O'Keefe, Mr. Peterson, Winfield Thayer and W. and W. Roy Welch.

SHERIFF RULE HEADS MISSING MAN BUREAU

Sheriff V. R. Rule is requested almost daily to locate persons who come to Appleton from various parts of the county and fail to return. Monday a farmer called up and wanted him to find his hired man who was missing. The young man said he was going to Appleton, and when the officer suggested that he was probably old enough to care for himself the farmer replied he was aware of that, but that he had work for him. He was unable to give him any clue. Tuesday a Kaubarna father wanted him to locate his son who had been absent from home for several days and whom he was satisfied was in Appleton.

FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for larger size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

GERMAN REFUSES TO OBEY YANK'S ORDERS

By United Press Licensed Wire

Berlin—A German hotel keeper in the Coblenz region who refused to prepare a bath at five a. m. for the wife of an American lieutenant, gave Minister Giesberts of the German cabinet, a bad half hour. Giesberts alleged here today.

Giesberts, spending a vacation near Coblenz, said he and his wife were awakened to find their bed surrounded by armed soldiers and German police. The men were looking for the hotel proprietor who had failed to obey the lieutenant's orders.

The soldiers withdrew after a thorough search of the room, Giesberts said. The landlord was found later. His punishment was not reported.

Miss Sadie Heckert, who was called here by the death of her mother, Mrs. Herman Heckert, returned to Denver, Col., Tuesday morning.

Joseph Heckert is spending a several days' vacation at Stockbridge.

Good Judgment After Eating

Giving the Stomach the Alkaline Effect by a Stuart's Dyspepsia Tablet is Worth Remembering

You cannot, as a rule, say in advance that this, that or the other food will cause indigestion. Experience has taught most people that even mince pie fits snugly at times while at others a glass of milk raises hobs with the stomach.

One good rule to follow is the preventive measure of taking one or

two Stuart's Dyspepsia Tablets after meals. You thus avoid gasiness, sour stomach, heartburn and such distresses due to indigestion or dyspepsia. These tablets also help to digest the food by giving the stomach the alkaline effect to offset acidity; they relieve the distress when the mince pie or milk should be more than a match for your digestive powers. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store and note how nicely they seem to calm the stomach when it feels all upset.

Multiplying the Wheat Yield 21 Times Per Man

"It takes thirteen minutes of human labor to produce every bushel of wheat that comes out of a good American wheat state. In Europe a bushel of wheat required four and one-half hours of labor." —Dearborn Independent.

Europe with its pre-war wealth of labor developed intensive hand cultivation to an extent undreamed of because unnecessary in America. In the United States labor shortage developed a type of farming which gave petroleum products a chance to lend a hand.

Increased labor-shortage in the United States has meant increased application of gasoline-power to the farms of the Middle West. Mechanical power has multiplied the wheat yield 21 times per man.

The fact that power machinery, and gasoline to run it, is going on the farms, is responsible in no small degree for the large crops produced for 1920. The great mission of the Standard Oil Company (Indiana) is to produce enough gasoline to supply the farmer with all he can use at the time and place he needs it, and at a low price.

"Domestic consumption of gasoline, far outstripping our production of crude petroleum, has forced gasoline up in price. During the first four months of 1920, gasoline consumption increased 796,030 gallons a day more than production during the same period." (Oil News, July 5, 1920.) While more crude oil is being produced in 1920 than even the most enthusiastic optimist dared predict five years ago, it is not sufficient to meet the ever increasing demand.

Every facility developed by the vast organization of the Standard Oil Company (Indiana) through years of service, is being directed to the end of supplying the farms of the Middle West with necessary petroleum products. Transportation difficulties have been anticipated by this company, so that there has been no serious shortage of petroleum products to the farmer in any of the states served by this company—the dark green tank wagon delivering even to the tractor in the field in emergencies.

Helping the farmer produce and market his crop is one of the essential services rendered by the Standard Oil Company (Indiana) to the people of the Middle West.

Buy Pabst Holsteins for Milk Production

(Sale takes place Oct. 9th, 1920—10:30 A. M. sharp—at the farm.)

With the present high price of feed and, if properly figured, with milk really selling below actual cost, why not do as the business man does—decrease the cost of production by increasing the output.

Champion Dora Korndyke with 29,395 lbs. of milk and 1,315.9 lbs. of butter in a year, a product of the Pabst Stock Farm, shows just how much more in dollars and cents pure bred cows mean than scrub stock.

There are many other animals on the Pabst Stock Farm not yet fully developed, that no doubt will develop as sensationally as Champion Dora Korndyke.

The highest priced Holstein bull, for its age, ever sold in the United States, was sold by the Pabst Stock Farm for \$20,000. Pabst Korndyke Kornflower sold at \$30,000. Her son, before she made her record, sold for \$1,180. His present owner is asking \$40,000!

Come to the first sale of surplus bulls to be held on the Pabst Stock Farm, October 9th at 10:30 A. M.

Even if you are not a Holstein breeder and though you do not want to buy, come and get acquainted with the greatest money making development in the agricultural world.

Sale will be Held Saturday, Oct. 9th—10:30 A. M. Sharp

The Reduced Cost of Tire Mileage for Your Small Car

Do you realize that Goodyear Tires are priced no higher today than in 1910 and that their mileage actually costs less than it did a decade ago?

During this period Goodyear has been able steadily to increase the amount of mileage built into its tires and, consequently, the cost of Goodyear mileage has actually declined.

In no part of the Goodyear line has this decline been more marked than in the present 30 x 3, 30 x 3½, and 31 x 4-inch sizes of Goodyear Tires, made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for them—get the unusual value contained in their construction and delivered in their mileage.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

LAWRENCE READY FOR BADGER GAME

McChesney Expects to Give Men Plenty of Scrimmage Thursday Afternoon.

Lawrence college gridgers will get their first hard scrimmage of the week Thursday afternoon in preparation for the game with the University of Wisconsin at Madison Saturday afternoon. The collegians finished the St. Norbert game in good shape and the entire team will be able to start against the Badger crew.

Coach McChesney devoted the first two days of this week to teaching the men new plays and signals. Skill practice is held after the field work is finished so that the men will have their plays at their finger ends when they

go into scrimmage Thursday afternoon. McChesney has plenty of material for two strong teams so will have no difficulty in giving the main crew plenty of action.

Information from Madison is to the effect that Coach Richards is expecting to develop one of the strongest teams in recent years at the Big School. He has a wealth of high class material to select from and is confident of turning out a winning combination.

The Appleton high school squad is working feverishly to be ready for the first big game of the season next Saturday when Wausau comes here. Appleton defeated Wausau last year and the lumberjacks are determined to even up the score. The game is to start at 2:30 o'clock.

The cheerleaders used to decorate the graves of their women with purple ribbons.

CARTER'S WINTER UNDERWEAR now on display for men, women and children. See window showing tonight. Prices very reasonable. GEENE'S.

SISLER SETS NEW RECORD FOR HITS

St. Louis Star Gets Two Blows But His Team Loses to Indians.

Sportsman's Park, St. Louis.—Cleveland defeated St. Louis 3 to 2 on Tuesday for the third successive time and lengthened its lead in the American league pennant race to a full game. The Indians drove Hayne from the box in the seventh. Bagby was hit freely but kept the hits scattered. It was his thirteenth victory of the year. Sisler established a new American league record when he hit a home run in the sixth inning, it being his two hundred and forty-ninth hit of the year. The former record of 245 was made by Ty Cobb in 1911. In the eighth inning Sisler made it 250 with a triple.

Divide Double Bill Boston.—Boston closed the American league season here on Tuesday by breaking even in a double header with Washington. The Red Sox took the first 5 to 3, while the Senators were compelled to go ten innings to win 7 to 6 in the second. The Red Sox finished in fifth place, with seventy-two games won and eighty-one lost, for a percentage of .471.

Reds Win Two Games Cincinnati.—The Reds won a double header from Pittsburgh on Tuesday, 2 to 0 and 5 to 3. Luque pitched one inning of the first game and retired on account of a sore arm. Eller finished and shut out the Pirates easily. Cooper also pitched well. Eller tried to win a double victory, but was hit hard in the second game and retired in favor of Brenton, a recruit, in the sixth inning.

Fight Long Draw By United Press Licensed Wire New York.—Jack Sharkey and Joe Lynch, both contenders for the bantamweight championship, fought a 15 round draw here last night. Lynch was floored twice but finished strong putting Sharkey on the canvas just before the final gong.

INTERLAKE TEAM WINS MILL TITLE

Championship Goes to Pulpman After Union Bag Refuses to Play Off Tie.

Championship of the inter-lake league was awarded to the Interlake Pulp and Paper company team after the Union Bag and Paper company team, Kaukauna, refused to play off a tie game. The bag company team previously had been defeated by the Valley Iron works team but had entered a protest which was dismissed after careful consideration. The committee then scheduled the bag company to play the Interlake, but the former refused and the championship was awarded to the pulpman.

The Interlake team is made up of Albert Mullen, Fred East and Mike Murphy, pitchers; Charles Kirk, first base; Arthur Nofke, second base; Edward Lisch, shortstop; Clarence Day, third base; August Nofke and Carl Sternagel, fielders.

Cups will be awarded the Interlake, Union Bag and Paper company and Kimberly-Clark company teams, winners of first, second and third places. Pictures of the teams will be placed in the association building.

The inter-lake league was a brilliant success. No admission was charged to the games, expenses having been met by tag days and special assessments in the mills. Trophies were purchased out of the treasury, leaving a balance of about \$60. Uniforms and equipment was furnished which all the mills were represented by the mills. The league was conducted by a board of control on

EXPECT BIG CROWD AT SUNDAY'S GAME

Fans Eager to See Famous Colored Team in Action Against Brandts.

Interest in baseball, accentuated by the approaching world series, is being reflected in the attention which is being paid to the forthcoming game between the Union Giants of Chicago and the Brandt team of the Fox River Valley League. The biggest crowd which has witnessed a ball game in a decade is expected to crowd into Brandt park when the first ball is tossed over the plate.

Contrary to the usual impression, the Union Giants team is not a comedy organization. Its members are real baseball players who can show their heels to the best semi-pro organizations in the country.

They carry two comedians with them, however, to entertain the fans before the game.

The diamond will be in first class condition for the game. Workmen will fill up holes in the outfield and the infield will be made as level as pavement.

SOX STILL HAVE CHANCE TO GET IN WORLD SERIES

By United Press Licensed Wire New York.—The disorganized White Sox still had a chance at the American league pennant today. Cleveland moved up yesterday by winning another game while the Sox were idle—basically speaking—and prior to the games today were one full contest to the good. Should the White Sox take their three games from the St. Louis Browns, Cleveland would be forced to win four of their five remaining contests to claim the pennant. The Sox will be out of it if they lose tomorrow and the Indians win.

WINNING INFIELDS EVENLY MATCHED

Little Choice Between Cleveland and Brooklyn Infield Players.

(By Henry L. Farrell) By United Press Licensed Wire

New York.—Much of the success of the club winning the world series depends upon the work of the infield.

Between the infields of the two clubs that seem booked to take part in the season's baseball classic, there is little to choose.

Brooklyn, which clinched the pennant in the National league, has a peculiar combination, consisting of an outfielder on third base, a third baseman playing second and a shortstop that the Vitush fans have been riding all season.

Cleveland, which seems a certain winner in the American league has nothing to boast of, but Speaker's troubles are caused by the lamentable loss of Ray Chapman, one of the best shortstops in the league, and the "jumping" of Joe Harris, last year's star first baseman.

Between Ed. Konetchy and "Doc" Johnston, Brooklyn seems to have the more dependable man on first base. Both are veteran players. Both are dangerous men at the bat with game busting ability. Konetchy, however, is the better fielder and is faster on his feet. On late season work, also, he has been more consistent at the bat. Both players are weak in the legs and have been relieved frequently during the season.

At second base, it is almost a toss-up between "Pete" Kilduff and "Wamby" Wambegans. On the offensive, Kilduff gets the shade but on the defense Wamby is a more finished fielder and is much faster on the bases.

Both are young players and neither has had world series experience.

Try Olson at shortstop is a player who keeps the fans on edge every time he gets a chance. He is one of the hardest working players on the Brooklyn club but is erratic in the extreme. He should make a good world's series

player, however, as he has stood up all season under the constant "razing" of the Brooklyn fans and does his best after making a wobble.

He is only a fair hitter and an ordinary base runner. Against the Cleveland youngster, Sewell, who will be allowed to play by Brooklyn, Olson gets the choice merely because he is more experienced and less liable to suffer nerves.

Larry Gardner gets the call at third base. Jimmy Johnston, brother of "Doc" Johnston, has made good after being switched from the outfield but he isn't capable of the caliber of play in the veteran Cleveland. Gardner is rated by most pitchers as a dangerous batter and is a brilliant, smart fielder. Johnston is faster in getting the ball away than his rival but this advantage is far from enough to even the score.

On the offense it would seem that the Brooklyn infield is superior by a slight shade and inferior to Cleveland on the defense.

Ford THE UNIVERSAL CAR Surest Thing in the World

Two and two have always made four. There would not be more than four million Ford cars in daily service—which is just about one-half of all the automobiles in America—if the Ford, as a reliable motor car, did not meet the demands of all classes of people everywhere and under all circumstances.

Two and two have always made four. If the material, the iron and the marvelous Vanadium steel used in the construction of the Ford chassis, were not of the highest quality known to the science of Metallurgy, then the Ford car could not have won its world-wide reputation for reliability.

Two and two have always made four. When replacements and repairs are required on Ford cars, the Ford owner will be wise in bringing his car to our place, because we use only the Genuine Ford Parts, and we have the Ford skilled mechanics, and all the Ford knowledge that goes to maintain the high standard of quality which is original in the Ford car.

When you want a Ford car, a truck or a tractor, and when you want repairs or replacements for the same, we earnestly solicit your business, assuring you of prompt attention, real Ford service, and economical Ford prices.

Reasonably prompt delivery is assured now. Come in today and leave your order.
